SOLUTIONS IN CONCENTRATED

PERFECT ADVANTAGES

ECOLOGICAL

- Reducing packaging: improves the environmental impact
- Reducing CO2 emission of volumetric transport

HEALTH

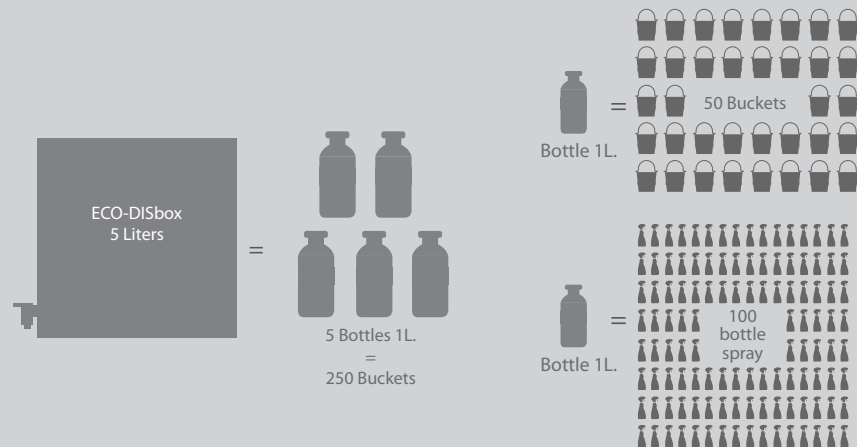

- Minimal manipulation
- Products easily identifiable
- Minimizes labor risks: Load weight reduction up to 90%

ECONOMIC

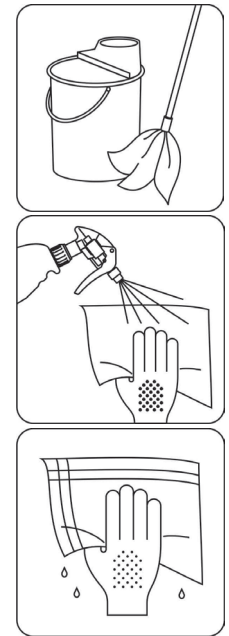

- Reduction of almost 98% wood (cases and pallets)
- Reducing waste: bottles are reused and biodegradable packaging.

Equivalence ECO-DISbox

DISARP<SOLUTIONS IN CONCENTRATED

PERFECT OPERATION

- * ECO-DISbox line is offered in 5 liters saving format.
- * No installation or maintenance required
- * Not using electrical system and does not use direct contact with water.
- * The operator never comes into contact with the product, thanks to the tap fitted to all ECO-DISbox.
- * Each product uses a line of color: Blue for indoor toilets and red for toilets and bathrooms.
